It is specified that the MARKETPLACE GTS and GTU may be amended by DECATHLON, which will inform the SELLER when the changes are deemed essential for the SELLER.

2.5 Pursuant to (2) article 3 of the “GENERAL CONDITIONS” of EU Regulation 2019/1150 promoting fairness and transparency for companies using online intermediation services, DECATHLON shall notify the SELLER, on a durable medium, of any change in the AGREEMENT.

Such changes shall not be applied until the expiry of a reasonable notice period which shall not be less than 15 days from the date of notification.

This period may be extended, if necessary, to enable the SELLER to make the technical or commercial adjustments required to comply with the changes.

The absence of a written objection to those changes from the SELLER is considered to be an express acceptance on their part. Consequently, in this case, the proposed changes will be applicable at the end of the notice period.

During the notice period, submitting new goods or services to the MARKETPLACE SERVICES shall be considered clear affirmative action to waive the notice period, except in cases where the reasonable and proportionate notice period is longer than 15 days.

If the SELLER refuses the proposed changes, the SELLER may terminate the AGREEMENT by giving notice to DECATHLON in writing (i) with respect to the conditions and the notice period set out in Article 3 hereof or (ii) within the notice period related to the changes. The AGREEMENT shall enter into force from the date of its acceptance by the SELLER, for an indefinite period.

Each PARTY may terminate the AGREEMENT at any time, without indemnity, by notifying the other PARTY, on a durable medium and subject to a minimum notice period of 30 (thirty) days, unless the SELLER is granted a waiver under this AGREEMENT or exceptions are provided by law. For any termination at its own initiative, DECATHLON will comply with Article 4 Restriction, Suspension and Termination of EU Regulation 2019/1150 promoting fairness and transparency for business users of online intermediation services.

It is specified that during the notice period, PARTIES are required to comply with their obligations under the AGREEMENT and, at the end of this notice period, they undertake to finalise the transactions and complete monitoring of the orders still in progress, as well as the payment of the related remuneration.

The SELLER may also leave one or more TERRITORIES, while continuing his activity on the MARKETPLACE in other TERRITORIES, by simply notifying the MARKETPLACE CONTACT PERSON.

In such event, SELLER shall be required to observe the applicable notice period before its termination for one or more of the TERRITORIES concerned shall take effect. For the remaining TERRITORIES, the AGREEMENT shall remain in effect.

Without derogating from the provisions relating to notice, the Party wishing to terminate the AGREEMENT shall do its utmost to notify, in particular by email, the other Party of its intention.

It is specified that any termination of the AGREEMENT shall automatically result in the termination of the PAYMENT SERVICE AGREEMENT between the SELLER and the PSP subject to 1 (one) month's notice. Also, any termination of the PAYMENT SERVICE AGREEMENT between the SELLER and the PSP that occurred at the initiative of the SELLER or the PSP shall result in termination of the AGREEMENT. In the event that the PAYMENT SERVICE AGREEMENT is terminated, either at the initiative of the SELLER or PSP, the SELLER undertakes to inform DECATHLON immediately and prior to the effective date of the termination.

- any stolen products or fenced goods;
- any product infringing intellectual and industrial property rights (in particular copyrights and related rights, trademarks, patents, designs and models), lawful selective or exclusive distribution networks and any other applicable law (particularly image rights, personality rights, right to privacy);
- any product likely to disturb the public order, offend good morals, ethics and DECATHLON GROUP's values, as mentioned in particular in the Code of Conduct in Appendix 3 of the AGREEMENT;
- any product likely to pose a danger to the health and safety of CUSTOMERS. It is specified that the SELLER undertakes to inform DECATHLON without delay of any risk, particularly in terms of safety, that one of its PRODUCTS may generate, as soon as it becomes aware thereof;
- any chemical substances that can be used for legitimate purposes, but which are also likely to be used in a diverted way for the illegal manufacture of homemade explosives.

Moreover, the SELLER undertakes not to:

- promote product(s), service(s), company(s) including its company, both when placing the PRODUCTS online and/or fulfilling their shipment obligations, such as the insertion of a hyperlink, email address, advertising message, promotional packaging or printing;
- include the URL of its website on MARKETPLACE, in particular on the product sheets, or in packages intended for CUSTOMERS, with the exception of documents allowing CUSTOMERS to contact the SELLER for reasons of commercial guarantees or after-sales service;
- damage the DECATHLON brand image or MARKETPLACE image.

The SELLER undertakes to:

- to provide at DECATHLON's or SUBSIDIARIES's first request all the evidence to justify the compliance and safety of the PRODUCTS;
- propose only PRODUCTS that it holds personally in stock at the time of the order or of which he has ensured that its own partners hold in stock at the time of the order from the CUSTOMER in the territory of the European Union, if they are presented for sale on MARKETPLACE. Under no circumstances shall any PRODUCT be listed or sold on the MARKETPLACE if it still requires importation into the European Union following the CUSTOMER'S order. In the event of unavailability of PRODUCTS or stock outages, the SELLER must ensure that the PRODUCT SHEET shall clearly and unambiguously state this so that the CUSTOMER is informed at all times. A zero stock will remove the product from MARKETPLACE within 24 hours while it is being restocked;
- communicate, for each order, the conditions of return of the PRODUCTS and in particular, the address to which the PRODUCTS can be returned by the CUSTOMER;
- in the event of an inventory error or any other reason resulting in the need to cancel an order already validated by the SELLER, the SELLER shall immediately inform DECATHLON.

ARTICLE 6: FREE PRICING OF PRODUCTS

6.1 The SELLER remains free to set the selling prices of its PRODUCTS on the MARKETPLACE, on its own website or on any other distribution channels and any price reduction it may wish to implement, in compliance with the AGREEMENT and the legal framework of each TERRITORY.

6.2 DECATHLON and the SUBSIDIARIES aim to provide CUSTOMERS with high quality access to the widest sports and leisure offer as well as to the best shopping experience. For this purpose, DECATHLON and the SUBSIDIARIES are constantly investing in the development and improvement of the MARKETPLACE. In consideration of the foregoing, for its NEW PRODUCTS and services, the SELLER undertakes to set its selling price, either regular or discounted, and its shipping fees, jointly and separately not higher than respectively a fair, reasonable and competitive selling price and shipping fees. Therefore, for its PRODUCTS and services, the SELLER shall not, under any circumstances, set a selling price and/or shipping fees which significantly exceed the reference selling price and shipping fees applied for the same PRODUCT on other online distribution channels operating within the same geographic market as the MARKETPLACE.

For the purpose of this article 6.2, "same PRODUCT" means same product, same model, same size and same color.

6.3 The price determined by the SELLER and displayed in Euros Including Tax (TTC) or in the local currency of the TERRITORY for each PRODUCT marketed by the latter on the MARKETPLACE is strictly enforceable against the SELLER, in particular with respect to the CUSTOMERS. Consequently, any sales made by the SELLER with an incorrect price shall be enforceable against them.

6.4 Notwithstanding the foregoing, the SELLER undertakes to comply with the mandatory regulations, among others, on price fixing, price indication, information and display, applicable on the TERRITORY.

6.5 In particular, the SELLER is exclusively responsible for ensuring that any price reduction or promotional offer complies with applicable regulations. To ensure the integrity of the MARKETPLACE, DECATHLON acting in a diligent manner and in good faith, reserves the right to implement voluntary own-initiative monitoring and moderation processes, to verify and ensure the regulatory compliance of promotional displays. Within this framework, DECATHLON may automatically adapt the display of the promotional offer to align with legal requirements, specifically those regarding the prior price requirements under Article 6a of Directive 98/6/EC (as amended by Directive 2019/2161) and relevant local legislation. These processes are strictly limited to the compliance of the promotional display and shall never modify the sales price freely determined by the SELLER, who remains the sole decision-maker regarding its pricing and commercial strategy.

ARTICLE 7: PRESENTATION OF THE SELLER, PRODUCTS AND CONTENTS AND RANKING

7.1 Presentation of the SELLER, PRODUCTS and CONTENTS

DECATHLON and the SUBSIDIARIES wish to offer a high quality MARKETPLACE. A consistent presentation according to specifications defined by DECATHLON is essential to ensure the CUSTOMER's greatest satisfaction.

To this end, the SELLER undertakes to create PRODUCTS SHEETS and CONTENTS compliant with the specifications stipulated by DECATHLON and the requirements described in the SELLER INTERFACE, which must be used by the SELLER to place their PRODUCTS for sale on the MARKETPLACE.

These PRODUCT SHEETS and CONTENTS have contractual value with respect to the CUSTOMERS. DECATHLON and/or the SUBSIDIARIES shall under any circumstances not be held liable for any errors made by the SELLER while creating these PRODUCT SHEETS and CONTENTS.

The SELLER undertakes to ensure that their PRODUCT SHEETS are at all times accurate, complete and up-to-date to ensure permanent satisfaction of the CUSTOMER, available in the official languages of the TERRITORY, in compliance with all applicable regulations and legislation, in particular with regard to consumer law, and do not infringe any third-party rights whatsoever.

Furthermore, the SELLER must clearly identify itself to the CUSTOMER as a professional, independent of DECATHLON and the SUBSIDIARIES. In this respect, they must in particular provide CUSTOMERS with all the information required by law and necessary to carry out an online purchase transaction, in particular the SELLER's GTS, and the conditions for returning PRODUCTS including the address to which CUSTOMERS may return the PRODUCTS. The SELLER must also include on the PRODUCT SHEETS the information relating to its legal situation (name, address of registered office, telephone number, email address, where applicable, the trade or public register in which the SELLER is registered and its registration number) and keep DECATHLON and the SUBSIDIARIES informed of it.

The SELLER undertakes not to use a seller's name visible by CUSTOMERS which is misleading, infringing, or more generally contrary to the good morals, ethics and values of DECATHLON GROUP.

The SELLER is solely responsible for the accuracy of the information and CONTENTS as completed by it and as they appear on MARKETPLACE. The SELLER undertakes to regularly verify the accuracy of the information transmitted and CONTENTS published on MARKETPLACE so that the CONTENTS that it has put online correspond in every way with the PRODUCTS it proposes and the legal and regulatory requirements related to these PRODUCTS.

7.2 Ranking

On the MARKETPLACE, PRODUCTS ranking is governed by the following rules and considerations :

7.2.1. General rules governing CUSTOMER access to PRODUCTS

The CUSTOMER can access the products presented on the MARKETPLACE - whether they are sold by DECATHLON or the SUBSIDIARIES or by a SELLER - in two ways :

- a) Through the general categories displayed on the MARKETPLACE, which correspond to the following headings :
 - Sports, which are listed in alphabetical order;
 - The categories of people concerned: Women, Men, Children or Babies;
 - Accessories or equipment ; nutrition products ; brands ; promotions ; circular initiatives ; or
- b) Through a search in the dedicated search bar.

These categories may differ from one TERRITORY to another and evolve by period and overtime.

The CUSTOMER can thus search for a product via these access ways and categories, in which the products, whether they are sold by DECATHLON or the SUBSIDIARIES or by a SELLER, are presented to him by default according to a defined algorithm.

7.2.2. Main considerations guiding the ranking algorithm

Decathlon's image and brands are known for making the pleasure and benefits of sport sustainably accessible to the many, by offering quality products, tailored to the needs of the CUSTOMERS, at favorable prices and with quality service and the best customer experience.

This positioning has guided the determination of the main ranking parameters applicable within the MARKETPLACE.

7.2.3. Main parameters used in the ranking algorithm

Ranking algorithm for general categories

The PRODUCTS ranking algorithm on the MARKETPLACE takes the following main parameters into consideration: the quality of the PRODUCT offered; the proposal of an affordable price ; the maintenance of a level of customer experience and customer satisfaction with their purchase through the MARKETPLACE (quality of service).

Indicators taken into consideration for these main ranking parameters:

- With regard to the quality parameter, the following indicators are taken into account :
 - Turn over before return and sold quantities before return of the product ;
 - Average product review ;
 - Number of pictures ;
 - Number pageviews ;
 - Return rate ;
 - Add to basket rate ;
 - Products favoured by loyal customers;
- With regard to customer experience and satisfaction (quality of service), the following indicators are taken into consideration:
 - Direct availability of the Product ;
 - Level of stock of the product ;
 - Time to ship ;
- With regard to affordability, the following indicators are taken into consideration:
 - None to date.

The higher the score for these parameters, the better the ranking.

The weighting of these indicators may differ from one TERRITORY to another.

Ranking algorithm applicable to queries made on the internal search engine: The products corresponding best to the keywords entered by the CUSTOMER are displayed as a priority.

7.2.4. Impact of temporary changes

The rules described above relating to the main ranking parameters and associated indicators may be modified temporarily in connection with specific commercial transactions.

This is in particular the case for commercial operations linked to high points of the trade, seasonality, certain sporting or calendar events, etc.

In this case, the algorithm will take into account the fact that the product is part of the commercial operation. This point will become a main parameter, which will be taken into consideration as a priority before applying the main parameters detailed in the point below.

7.2.5. Differentiated treatment within the meaning of Article 7 of the Regulation (EU) 2019/1150

7.2.5.1 Differentiated treatment related to technical considerations

To date, the technical tool used by the MARKETPLACE does not allow several SELLERS' offers to be made simultaneously for a product corresponding to the same EAN number.

In order to arbitrate the offer that will be visible to the end consumer, the algorithm takes into consideration the three following criteria : (1) the best price of the product including the shipping fees, (2) the effective delivery time, and (3) the total score based on the first five criteria of the SELLER Performance Indicators, as detailed in Appendix 2. In this respect, the use of the logistical service of DECATHLON (i.e. Fulfilment by Decathlon) is considered to ensure an optimal performance level for the purpose of this third criterion (3).

The SELLER with the best score on the average of these criteria will see its offer displayed to the CUSTOMERS.

Each criterion is assessed once a day only between offers that have stock in real time. The associated score is valid for one (1) day.

In the event of a tie on the 3 criteria, the SELLER with the best turnover realised before return over the last twelve (12) months (or less if active for less than twelve (12) months) wins and its offer will be the one selected to be presented to the CUSTOMERS.

Finally, for any new SELLER who does not yet have the possibility of obtaining scores for the SELLER Performance Indicators criterion, as detailed in Appendix 2, it will be given the average of the general scores of all SELLERS in competition for the same offer for that criterion, and this until either (i) 3 months of being live on the MARKETPLACE or (ii) having reached thirty (30) orders.

7.2.5.2. Differential treatment based on economic and/or legal considerations

Given its contractual and/or legal links with its international partners as well as with certain sellers on the MARKETPLACE, DECATHLON or the SUBSIDIARIES may give preference to certain products in the ranking.

This preferential ranking is offered to :

- (i) products provided by international trading partners to be owned and sold directly by DECATHLON and/or the SUBSIDIARIES;
- (ii) SELLERS who have signed a preferential partnership agreement with DECATHLON and the SUBSIDIARIES;
- (iii) SELLERS who have signed a sponsorship agreement (sponsoring) with DECATHLON and the SUBSIDIARIES.

This ranking is justified by the existence of a contractual agreement and remuneration.

The offers concerned will be identifiable within the ranking of products presented to the CUSTOMER.

7.2.6. Possibility for the CUSTOMER to influence product classification

As previously indicated, the ranking presented to the CUSTOMER corresponds to the result of the application of the main ranking parameters (associated with the indicators described).

However, at any time, the CUSTOMER has the ability to influence this ranking by applying search filters.

The following filters are available, which can be combined:

On the one hand, the general filters below: Price ascending ; Price descending ; Descending discount ; User rating ; New collection.

In addition, the specific filters below: Type of product ; Sports ; Brands ; Colours ; Price ; Sellers.

ARTICLE 8: PRODUCT SALES AND FOLLOW UP

8.1 SALE AGREEMENT

The SALE AGREEMENT governs the sale of the PRODUCTS by the SELLER to the CUSTOMERS. The SELLER must ensure that its GTS are at all times accessible to the CUSTOMERS and that they include all the information required by the laws and regulations of the TERRITORY. The SELLER has a space in the SELLER INTERFACE allowing it to meet this obligation.

It is recalled that the transactions carried out by the SELLER on the MARKETPLACE are concluded directly between the SELLER and the CUSTOMER. DECATHLON and the SUBSIDIARIES are third parties to these transactions and only intervenes as an intermediary allowing the connection of supply and demand and cannot be held liable to the SELLER for the CONTENTS posted online by the latter, nor for any disputes arising from the transactions between the SELLER and the CUSTOMER. Consequently, DECATHLON and/or the SUBSIDIARIES shall not at any time be party to the agreement between the SELLER and the CUSTOMER.

8.2. Order

Orders are placed directly by the CUSTOMER with the SELLER. The SELLER is responsible for all orders placed and undertakes to execute them in accordance with the SALE AGREEMENT, including the SELLER GTS and MARKETPLACE GTS, and in compliance with applicable laws and regulations.

The SELLER INTERFACE shall allow the SELLER to receive and manage the CUSTOMER's orders.

8.3 Payment

8.3.1 Payment of the PRODUCT by the CUSTOMER

The PRODUCTS shall be paid by the CUSTOMER only according to the means of payment proposed on the MARKETPLACE.

DECATHLON and/or the SUBSIDIARIES in their capacity as payment agent of the PSP will collect the sums paid by the CUSTOMER and intended for the SELLER in return for a PRODUCT sale, which the SELLER accepts.

The SELLER is also informed that DECATHLON and/or the SUBSIDIARIES may, at its sole discretion, implement any measures that it considers useful to recover overdue amounts and manage fraud. The DECATHLON and/or the SUBSIDIARIES may also suspend for analysis or refuse to proceed with any order considered fraudulent.

8.3.2 Payment of the SELLER

Once collected, the sums paid by CUSTOMERS will then be transferred to the DECATHLON account at the PSP.

On the 1st, 11th and 21st of every month, provided that the TRANSACTION is FINAL, and subject to strict compliance of the SELLER with the KYC requirements set out in the PAYMENT SERVICE AGREEMENT, the sums received will be paid by the PSP to the SELLER's PAYMENT ACCOUNT, after deduction of the monthly subscription and the COMMISSION due to DECATHLON.

In order to facilitate the management of payment flows, the SELLER agrees that the monthly subscription and the COMMISSION shall be automatically deducted from the sums received. This operation will be performed by the PSP.

8.4 Shipment and delivery

8.4.1 CUSTOMER Information

The SELLER must clearly inform DECATHLON and the CUSTOMER of the available delivery methods, the delivery promise, and shipping fees applicable for each of the delivery methods proposed, which may be applied to the CUSTOMER's order.

8.4.2 Delivery methods and shipping fees

The SELLER offers, at least, home delivery to the CUSTOMER. Home delivery here means that the CUSTOMER shall be able to indicate the address to which the CUSTOMER wishes the PRODUCT to be delivered, whether this is his/her home address, workplace, relatives' address or a neighbour's address.

With regard to the shipping fees, the SELLER undertakes to ensure the requirements of the Decathlon Customer Delivery Experience Framework, as detailed in Appendix 5.

8.4.3 Delivery promise, lead time to ship and lead time to deliver

With regard to the delivery promise, lead time to ship and lead time to deliver as defined in Appendix 5, the SELLER undertakes to :

- ensure the minimum requirements of the Decathlon Customer Delivery Experience Framework, as detailed in Appendix 5,
- dispatch the order within a maximum of two (2) days (working days) from the date of order confirmation, unless he has obtained DECATHLON's written agreement for a longer period,
- meet the Performance Indicators, as detailed in Appendix 2.

8.4.4 Shipment and Delivery execution

Unless specifically agreed, for example in an ADDITIONAL SERVICE CONTRACT, the shipping of the PRODUCTS to the CUSTOMER shall be carried out directly by and under the sole responsibility of the SELLER, who undertakes to ship and deliver PRODUCTS in compliance with the order within the announced deadlines.

The SELLER is therefore solely responsible for the execution of the shipment and delivery, in particular for compliance with the shipping and delivery times towards the CUSTOMERS. The SELLER shall manage, independently of DECATHLON and/or the SUBSIDIARIES, the costs, paid by itself or the CUSTOMER, related to the shipment of its PRODUCTS, depending on the shipping method.

The SELLER shall ensure that the delivery status of each order can be effectively tracked by the CUSTOMER (order in preparation, order shipped, ...). To this end, the SELLER shall :

1. ensure that the orders are Properly Tracked. An order is considered as "Properly Tracked" :
 - if the partner is using a carrier from the list defined by DECATHLON (made available to the SELLER through the SELLER INTERFACE or sent by DECATHLON on first request); or
 - if the partner is providing a tracking number, or
 - if the partner is providing a unique and valid tracking URL (with tracking code included).
2. to provide CUSTOMERS with a one-click tracking link for each order, allowing CUSTOMERS to know the delivery status of their order at any time. In this regard, the SELLER undertakes to carefully configure the one-click tracking link ensuring the proper functioning of this tracking link, and to make this tracking link available for the CUSTOMERS.

Despite the above, orders with a total price of less than eight (8) EUR (or equivalent in other currencies), excluding shipping fees, do not necessarily have to be Properly Tracked.

Furthermore, the SELLER must include, in each shipped package, any product use notice or warranty document, if applicable, in all the official languages of the TERRITORY.

In addition, the SELLER must ensure that it is clearly identified as a seller with respect to the CUSTOMER.

The SELLER shall also make available to the CUSTOMER, for any order, the purchase invoice, which the SELLER shall provide to DECATHLON and the SUBSIDIARIES, upon first request, through the MARKETPLACE CUSTOMER SERVICE.

Finally, in the event that the SELLER has automated the downloading of the CUSTOMER's invoice on the platform, he or she authorizes the MARKETPLACE CUSTOMER SERVICE to provide access to it on the CUSTOMER's order summary accessible via the MARKETPLACE website.

8.5. Returns

The SELLER undertakes to comply with the requirements related to returns set out in the Decathlon Customer Delivery Experience Framework, as detailed in Appendix 5.

8.5.1 Returns pursuant to the right of withdrawal

The SELLER undertakes to comply with the laws and regulations relating to the right of withdrawal of the CUSTOMERS applicable to the TERRITORY.

To this end, the SELLER shall provide the CUSTOMER with useful information allowing the return of the PRODUCT, and in particular, at least, communicate the applicable withdrawal period via its SELLER's GTS.

Moreover, in order to offer a positive shopping experience to all MARKETPLACE CUSTOMERS, the SELLER shall apply the following return's conditions as part of the harmonised global return policy required by the MARKETPLACE:

- Possibility for the CUSTOMER to exercise its right of withdrawal within a minimum of thirty (30) days from the day of receipt of the package by the CUSTOMER ;
- The return is free of charge for the CUSTOMER, in case of withdrawal within the period set by the SELLER (which will be a minimum of thirty (30) days from receipt of the package by the CUSTOMER).

This requirement is an essential requirement of the AGREEMENT.

In order to allow CUSTOMERS to exercise their right of withdrawal and return their PRODUCTS, the SELLER undertakes to make available to the CUSTOMER, for each order :

- either, in the package to the CUSTOMER: a prepaid return label or a simple, clear and written procedure, in all the official languages of the TERRITORY, informing the CUSTOMER of the steps allowing him to return his PRODUCTS ;
- or, via the SELLER INTERFACE: a prepaid return label.

8.5.2 Returns on legal or commercial warranties

The SELLER undertakes to accept any return of PRODUCTS (as far as possible and only with regard to movable property, in accordance with the definitions of articles 1649*bis* et seq. of the Belgian Civil Code) made by a CUSTOMER pursuant to a legal or commercial guarantee applicable to the TERRITORY.

In order to offer a satisfactory shopping experience for all MARKETPLACE CUSTOMERS, the SELLER shall accept returns under conditions which cannot be less favorable than those set for SELLERS' PRODUCTS in the MARKETPLACE GTS of each TERRITORY.

Unless otherwise provided by the law or regulations of the TERRITORY, in case of return based on legal warranty, the SELLER undertakes to replace or repair the PRODUCT. If applicable, if the CUSTOMER wishes to cancel the sale pursuant to a law or regulation applicable to the TERRITORY, the SELLER undertakes to accept its return and to inform DECATHLON and/or the SUBSIDIARY(IES) concerned, in order to reimburse the CUSTOMER within the legally required deadlines.

8.5.3 Returns methods

For PRODUCTS whose weight does not exceed 30 kg and whose size does not exceed 1500 mm, the SELLER shall make available to the CUSTOMER, at least, a drop-off return method, allowing the CUSTOMER to drop off the PRODUCT to be returned at a drop-off location.

For PRODUCTS whose weight is equal to or exceeds 30 kg or whose size is equal to or exceeds 1500 mm, the SELLER shall make available to the CUSTOMER, at least, a pick-up at home return method, whereby the PRODUCT to be returned is collected from the home of the CUSTOMER.

8.5.4 CUSTOMER Refund

In the event of a PRODUCT return accepted by the SELLER and/or DECATHLON and/or the SUBSIDIARY(IES) concerned, DECATHLON shall reimburse the sums paid by the CUSTOMER according to the means of payment initially used by the CUSTOMER to pay for the purchase, unless the CUSTOMER accepts to be refunded by another means of payment.

8.5.5 Consequences of return on sums received by the SELLER

Pursuant to article 8.5.4, and insofar as DECATHLON has already reimbursed the CUSTOMER on behalf of the SELLER:

- In the event that the CUSTOMER's return of the PRODUCT takes place before receipt of the sums to be received by the SELLER, after deduction of the COMMISSION, the SELLER shall ultimately not receive said sums ;
- In the event that the CUSTOMER's return of the PRODUCT occurs after receipt of the sums linked to the sale concerned by the SELLER, after deduction of the COMMISSION, the SELLER authorizes DECATHLON with the PSP to withdraw an amount equivalent to the sale returned to its PAYMENT ACCOUNT.

If it turns out that the SELLER's PAYMENT ACCOUNT was not sufficiently supplied to enable DECATHLON to recover the sums advanced on behalf of the SELLER in respect of the CUSTOMER's reimbursement, the SELLER undertakes to reimburse them promptly according to the means of payment defined by DECATHLON.

8.5.6 Consequences of return on sums collected by DECATHLON

In the event of a PRODUCT return by a CUSTOMER pursuant to the right of withdrawal or harmonized commercial conditions of return of the MARKETPLACE, DECATHLON waives their COMMISSION on the sale.

However, in case of return of the PRODUCT in application of a legal guarantee or a commercial guarantee specific to a SELLER, or in particular in the event of any problems of compliance, safety, recall, etc. the COMMISSION received by DECATHLON shall remain due.

8.6 Customer Service

In order to guarantee a quality and consistent customer experience for all CUSTOMERS, the SELLER delegates to the MARKETPLACE CUSTOMER SERVICE the performance of customer service related to:

- a) questions from CUSTOMERS relating to the pre-sale of PRODUCTS, such as ordering procedures etc. ;
- b) questions relating to the after-sales of PRODUCTS, including, namely, CUSTOMER requests concerning the follow-up of orders in progress (modify or cancel an order, information on the shipment

and/or delivery of the order, return of products and after-sale service).

As a result, the MARKETPLACE CUSTOMER SERVICE is the sole point of contact for CUSTOMERS for the customer contact service. Where applicable, the SELLER therefore undertakes to refer the CUSTOMER to the MARKETPLACE CUSTOMER SERVICE. The SELLER agrees that the provision of the customer service by the MARKETPLACE CUSTOMER SERVICE will be executed according to the opening schedules communicated to the public via the MARKETPLACE and are at the discretion of the latter.

8.6.1. Pre-sales customer service

The Parties agree that the MARKETPLACE CUSTOMER SERVICE provides, by telephone, email and / or chat, on behalf of the SELLER, pre-sales information for CUSTOMERS needing additional information on the PRODUCT(s) or the service. To do this, the SELLER undertakes to complete qualitatively and quantitatively each PRODUCT SHEET and / or to send to the CONTACT PERSON all the information related to the characteristics of the PRODUCTS that he considers necessary.

The MARKETPLACE CUSTOMER SERVICE does not commit to any performance or sales results.

In the event of missing information, the MARKETPLACE CUSTOMER SERVICE will request, in writing, the SELLER. The latter undertakes to provide a response to the MARKETPLACE CUSTOMER SERVICE within a maximum period of three (3) business days of the MARKETPLACE CUSTOMER SERVICE request, while maintaining an average response time in accordance with the relevant Seller Performance Indicator in Appendix 2. The SELLER must be able to respond in one of the official languages of the TERRITORY, or at least in English.

The SELLER further undertakes to provide the CUSTOMER, through the MARKETPLACE CUSTOMER SERVICE, with a final solution within eight (8) business days of the initial MARKETPLACE CUSTOMER SERVICE request, while maintaining an average response time in accordance with the relevant Seller Performance Indicator in Appendix 2.

In the event of lack of response and/or final solution from the SELLER within the aforementioned timeframe, the SELLER expressly authorizes the MARKETPLACE CUSTOMER SERVICE to provide a response or solution to the CUSTOMER, and, if applicable, to cancel the order or activate the refund of the PRODUCT or the order on behalf of the SELLER.

If applicable, the financial support of the solution given to the CUSTOMER will be the responsibility of the SELLER.

8.6.2. Customer service for after-sales

The MARKETPLACE CUSTOMER SERVICE is in charge of responding to CUSTOMERS and providing an answer and / or a solution on behalf of the SELLER. The SELLER authorizes the MARKETPLACE CUSTOMER SERVICE to engage it to CUSTOMERS, without prior validation on its part, in the event of a request to exercise the right of withdrawal. The MARKETPLACE CUSTOMER SERVICE is responsible for assessing the validity of the exercise of the right of withdrawal, with regard to consumer law and the information communicated by the SELLER via its SELLER GTS or its SELLER INTERFACE.

DECATHLON and/or the SUBSIDIARIES will be liable to compensate the SELLER within the limit of the price of the PRODUCT reimbursed by the latter, in the event of a manifest error on its part in the assessment of the validity, a priori, of the exercise of the right of withdrawal. The SELLER may not turn against the MARKETPLACE CUSTOMER SERVICE if the error results from the non-communication by him of information useful for the assessment.

The MARKETPLACE CUSTOMER SERVICE, at the CUSTOMER's request, may come in a non-exhaustive manner: modify the delivery address, cancel an order or ask the SELLER to modify an order when the latter has not indicated via the INTERFACE that he has shipped the order.

For any other customer complaint or dispute, the MARKETPLACE CUSTOMER SERVICE will solicit the SELLER in order to ascertain its positioning and the solution it wishes to provide to the CUSTOMER. It is recalled that the SELLER remains independent in determining its commercial policy within the limits of: what the applicable regulations impose on it, the commitments under the AGREEMENT as well as its SALE AGREEMENT with the CUSTOMER.

The SELLER undertakes to provide a response to the MARKETPLACE CUSTOMER SERVICE within a maximum period of three (3) business days of the MARKETPLACE CUSTOMER SERVICE request, while maintaining an average response time in accordance with the relevant Seller Performance Indicator in Appendix 2.

The SELLER must be able to respond in one of the official languages of the TERRITORY, or at least in English.

The SELLER further undertakes to provide the CUSTOMER, through the MARKETPLACE CUSTOMER SERVICE, with a final solution within eight (8) business days of the initial MARKETPLACE CUSTOMER SERVICE request, while maintaining an average response time in accordance with the relevant Seller Performance Indicator in Appendix 2.

In the event of lack of response and/or final solution from the SELLER within each respective aforementioned timeframe, the SELLER expressly authorizes the MARKETPLACE CUSTOMER SERVICE to provide a response and/or solution to the CUSTOMER, and, if applicable, to cancel the order or activate the refund of the PRODUCT or the order on behalf of the SELLER.

If applicable, the financial support of the solution given to the CUSTOMER will be the responsibility of the SELLER.

Contrary to the foregoing under points 8.6.1 and 8.6.2, the Parties may agree, through DEROGATORY CONDITIONS, that the SELLER himself operates the customer service of the PRODUCTS provided that it is technically possible and that the SELLER is able to guarantee customer service carried out in one of the official languages of the TERRITORY, and of quality in terms compliance with the Appendix 2 hereof and the delight of CUSTOMERS of the MARKETPLACE. In each case, the SELLER agrees to be courteous in his interactions with CUSTOMERS and / or users of the MARKETPLACE.

Any specific conditions concerning customer service are specified in the MARKETPLACE SELLER SPECIFIC CONDITIONS of each TERRITORY.

8.7 After-sales service beyond that provided by MARKETPLACE CUSTOMER SERVICE, especially the repair service

The SELLER shall do its utmost to offer the CUSTOMER a repair solution. It shall also inform the CUSTOMER via the SELLER GTS, about the terms of the after-sales service, the repair solution existing and also about the spare parts available and essential for the use of the PRODUCT.

In order to fulfill its obligations as a seller for after-sales service such as repair, the SELLER ensures that it has a dedicated, available and efficient after-sales service capable of assisting CUSTOMERS in all the languages of the TERRITORY in which it sells or, at least, in English.

8.8 Product recall and other corrective actions

Pursuant to Article 5.2, the SELLER undertakes to inform DECATHLON and the SUBSIDIARIES, via the CONTACT PERSON, without delay of any non-compliance or risk, particularly in terms of safety that one of its PRODUCTS may generate, as soon as it becomes aware thereof.

In such a case, the SELLER undertakes to take any corrective measures at its own expense and without delay, including a PRODUCT recall from MARKETPLACE CUSTOMERS.

The SELLER must immediately inform DECATHLON and the SUBSIDIARIES concerned, via the CONTACT PERSON and/or the MARKETPLACE CUSTOMER SERVICE, of the corrective measures by clearly

specifying the PRODUCTS concerned (references), the number of PRODUCTS concerned that it has marketed via the MARKETPLACE SERVICE for each TERRITORY, the reason for these corrective measures, the procedure to be followed by the CUSTOMERS to return the recalled PRODUCTS, the proposed solutions (in particular repair, exchange, reimbursement), contact information for CUSTOMERS so that they can obtain any information they require from the SELLER.

The SELLER will also specify the email address and telephone number of employees within its company responsible for managing the corrective measures to be implemented. In order to answer the MARKETPLACE CUSTOMER SERVICE's questions and provide any useful elements for the proper implementation of these corrective measures, the SELLER must be available from 8:00 a.m. to 6:00 p.m. during working days, in the English or French language.

In order to guarantee the safety of the CUSTOMER, DECATHLON and the SUBSIDIARIES may, on its own initiative, or at the request of authorities, decide to withdraw the sale or recall PRODUCTS marketed by the SELLER if they are likely to generate a risk to the health or safety of the CUSTOMER. In such a case, DECATHLON and the SUBSIDIARIES undertake to inform in advance or simultaneously the SELLER. Insofar as DECATHLON or one of the SUBSIDIARY has implemented the withdrawal of sale or recall measures due to a safety problem of the PRODUCTS marketed by the SELLER, the financial consequences resulting from said withdrawal of sale or recall measures implemented by DECATHLON or one of the SUBSIDIARY shall be borne exclusively by the SELLER.

8.9 CUSTOMER claims and disputes

8.9.1 Management of CUSTOMER complaints and disputes by the SELLER

It is recalled that the transactions carried out by the SELLER on the MARKETPLACE are concluded directly between the SELLER and the CUSTOMER. DECATHLON and the SUBSIDIARIES are third parties to these transactions and only intervenes as an intermediary for connecting the supply and demand. In this respect, unless the SELLER proves that the dispute is related to a fault attributable to DECATHLON and/or one of the SUBSIDIARIES, the SELLER shall be personally responsible for resolving any disputes with the CUSTOMERS.

However, in order to ensure a high level of quality in the response given to CUSTOMERS, the SELLER undertakes to:

- Interact, in the first instance, through the MARKETPLACE CUSTOMER SERVICE ;
- Do its utmost to achieve an amicable satisfactory and adapted solution for the CUSTOMERS ;
- Provide this solution within five (5) business days of the CUSTOMER's complaint, through the MARKETPLACE CUSTOMER SERVICE or, if not possible, directly.

8.9.2 Intervention by DECATHLON (by MARKETPLACE CUSTOMER SERVICE) on behalf of the SELLER

For the avoidance of doubt, any EPR Costs supported by any SUBSIDIARIES and subsequently re-invoiced to DECATHLON via an intra-group recharge shall be considered EPR Costs due by the SELLER directly to DECATHLON.

The SELLER shall reimburse DECATHLON for all EPR Costs upon first demand. In addition and without prejudice to any other rights or remedies available to DECATHLON, the SELLER expressly agrees that DECATHLON may, to the extent permitted by applicable law, deduct and set-off any and all such EPR Costs due to DECATHLON under the present ARTICLE 13.4 from any funds held within the SELLER's associated PSP wallet.

13.5 Audit Rights

In the event of:

- breach or suspicion of breach of the Compliance Clause;
- wrongdoing attributed to the SELLER showing the name of the SELLER and/or DECATHLON or the SUBSIDIARIES or DECATHLON GROUP in the media;

throughout the term of this AGREEMENT, the SELLER shall, in compliance with applicable laws, cooperate and provide any reasonable assistance to DECATHLON to enable DECATHLON or the SUBSIDIARIES to form a conviction on any potential or proven violation of the Compliance Clause (this Article 13) or on the commission of the facts by the SELLER resulting in the appearance of the name of the SELLER and/or DECATHLON or the SUBSIDIARIES or DECATHLON GROUP in the media.

To this end, at the request of DECATHLON or of any of the SUBSIDIARIES or on the SELLER's own initiative, the SELLER shall communicate any relevant documents to DECATHLON.

ARTICLE 14: CONFIDENTIALITY

The PARTIES undertake, on their behalf and on behalf of their employees, to keep confidential, on the one hand, the AGREEMENT, on the other hand, all technical, commercial, strategic or economic information, whether with figures or encrypted or not, that the PARTIES have been asked to exchange during their business relationship, whether this information was obtained directly or indirectly, in writing or orally.

Consequently, the PARTIES undertake:

- to not market, publish or disclose in any way, in public or private, use for himself or anyone the confidential information;
- not to use confidential information for any purpose other than the needs of this AGREEMENT;
- not to copy, reproduce or duplicate, in whole or in part, such confidential information;
- to ensure their safety in general by taking all measures it deems useful, which must in any case be sufficient to ensure confidentiality;
- to enforce these provisions on any person who has been able to access this information and, in general, any person acting as part of this AGREEMENT. To this end, the PARTIES undertake, if necessary, to have each of the said persons sign a confidentiality undertaking in accordance with this AGREEMENT.

This provision is valid both for the duration of the PARTIES' business relationship and beyond, as long as such confidential information is not, as it is and entirely, freely accessible to the public without breach of a confidentiality undertaking.

Information, or part of the information, is not understood as confidential information for this AGREEMENT, as it stands and in full:

- for which the PARTY may provide proof of its knowledge prior to disclosure;
- which were or have become freely accessible to the public or which have been the subject of disclosures by a third party without breach of law or contract;
- for which the PARTY concerned authorizes the other Party, in express prior written form, to a defined disclosure.
- confidential information that does not identify the PARTY to which it relates.

The disclosures imposed by a final and binding court decision will not be considered wrongful, subject to immediately notifying the other PARTY, limiting it to the strict information requested and informing the recipient of the confidentiality of such information.

The communication by DECATHLON or the SUBSIDIARIES, within the DECATHLON GROUP as well as to any TRUSTED PARTNERS selected by DECATHLON for the purpose of the TRUSTED PARTNERS offering or providing complementary services directly to the Sellers, of the elements listed in paragraph 1 of this AGREEMENT is not considered to be at fault.

ARTICLE 15: REFERENCE

DECATHLON and the SELLER allow each other to cite their names on the reference list of third parties in relation respectively to DECATHLON / MARKETPLACE, and the SELLER. It is understood between the PARTIES that this mutual authorisation is granted solely for the purpose of communicating with third parties on the existence of the commercial relationship between DECATHLON/MARKETPLACE, and the SELLER as governed hereby.

In this case, the PARTIES undertake to provide each other with a graphical representation of the communication elements linked to their name.

Each PARTY may only use the communication elements transmitted by the other PARTY, and shall ensure and maintain a qualitative picture of DECATHLON and the SELLER and MARKETPLACE.

The SELLER and DECATHLON and the SUBSIDIARIES undertake to comply with the conditions of this authorisation.

DECATHLON or the SUBSIDIARIES and the SELLER reserve the right to withdraw, temporarily or permanently, said authorisation thereafter. In the event of a request for withdrawal by either PARTY, the PARTIES undertake to remove the related communication elements in the name of the other PARTY as soon as possible. It is understood between the PARTIES that the deletion of the communication elements linked to the name cannot be implemented in the event of absolute material impossibility of deletion, for example authorisation given on a paper medium already distributed.

This mutual authorisation is only valid for the duration of this AGREEMENT.

ARTICLE 16: PARTIAL INVALIDITY - TOLERANCE - ENTIRE AGREEMENT - FORCE MAJEURE

If one or more provisions of this AGREEMENT are declared, in whole or in part, illegal, unenforceable, null or void by application of the applicable law, regulation or following a final judicial or administrative decision of a competent court or authorities, such provision(s) shall be deemed unwritten without affecting the legality, validity, or enforceability of the other provisions of this AGREEMENT.

In such a case, PARTIES shall endeavour to negotiate immediately and in good faith a valid replacement of the affected provision(s) which reflects, as far as possible, the original intention of the PARTIES and whose economic consequences shall be identical or as close as possible to the affected provision(s).

The fact that either PARTY has not required the application of any clause of the AGREEMENT, either permanently or temporarily, shall under no circumstances be considered as a waiver of such clause.

The PARTIES cannot be held liable to each other for non-performance of the AGREEMENT due to an event of force majeure. Force majeure means any event outside the PARTIES and beyond their control, which is unforeseeable, and preventing the performance of the AGREEMENT, in whole or in part.

In such a case, the performance of their obligations towards each other would be suspended until such time as this impossibility of performance has disappeared, without such suspension being entitled to compensation.

ARTICLE 17: INDEPENDENCE

As crucial and decisive conditions for DECATHLON's and the SUBSIDIARIES' consent to this AGREEMENT, the SELLER undertakes to comply strictly with the following obligations.

The SELLER has not, at any time or under any circumstances, mandate or power to commit or represent DECATHLON and/or the SUBSIDIARIES and may not make any commitments in its name and/or on behalf of DECATHLON and/or the SUBSIDIARIES. The SELLER undertakes not to do anything that may mislead the CUSTOMER or other third party in this respect and not to make any commitments or offer any guarantees on behalf of DECATHLON and/or the SUBSIDIARIES other than those expressly indicated to it by DECATHLON and/or the SUBSIDIARIES.

The SELLER may never be considered an employee or agent of DECATHLON and/or the SUBSIDIARIES or any other legal entity represented for the purposes hereof by DECATHLON and/or the SUBSIDIARIES. The AGREEMENT preserves the independence of the PARTIES and does not generate any relationship of subordination or representation.

The SELLER alone shall determine the actions to be taken to enable it to carry out its tasks and achieve the contractual objectives, its sole constraint being that its actions comply with the brand image and the quality reputation of the PRODUCTS of the DECATHLON GROUP.

The SELLER freely chooses its organization (legal structure, working methods, methods of promotion, etc.). It shall therefore insure the risks inherent in its personal activity and take out an insurance policy under the conditions defined in article 19 of this AGREEMENT.

If the SELLER is a natural person, he or she undertakes to be registered with the trade and independent workers register or to carry out their activity under an authorized regime (*e.g.* sole trader).

Similarly, the SELLER shall be solely responsible for all costs related to the carrying out of its activity and shall personally pay the related social and tax contributions.

The SELLER acknowledges that, throughout the entire term of its contractual relationship with DECATHLON, it retains and incurs sole responsibility in the event of insufficient diversification of its customers and activities.

It shall be personally responsible for any recourse or claim by one of its co-contractors in the event of insufficient customers when the contractual relationship with DECATHLON is terminated under the AGREEMENT for any reason whatsoever. It undertakes to indemnify the DECATHLON GROUP for any prejudice suffered by the latter as a result of any such remedy or claim.

ARTICLE 18: WARRANTIES AND RESPONSIBILITIES

The SELLER warrants to DECATHLON and the SUBSIDIARIES that it complies with all the provisions of the AGREEMENT and in particular the KEY REQUIREMENTS.

The SELLER represents and warrants that it has sufficient rights to present and market the PRODUCTS on the TERRITORY and MARKETPLACE.

The SELLER declares that it is not bound by any contractual obligations, in particular but not exclusively by any selective or exclusive distribution agreement, restricting or prohibiting the proposal of PRODUCTS on the TERRITORY and the MARKETPLACE.

The SELLER undertakes to inform DECATHLON and the SUBSIDIARIES, in writing and without delay, of any risks, which may be brought to its attention, incurred as a result of the marketing of the PRODUCTS and/or the publication of the CONTENTS, and/or any actions brought against it in relation to the PRODUCTS and CONTENTS.

The SELLER undertakes to indemnify DECATHLON and, where applicable, the SUBSIDIARIES in the event of non-compliance with the KEY REQUIREMENTS of DECATHLON. This compensation shall cover all direct losses suffered by DECATHLON and the SUBSIDIARIES.

Furthermore, the SELLER shall hold DECATHLON and, where applicable, the SUBSIDIARIES harmless against all claims, and/or proceedings, of any kind whatsoever of third parties, concerning the PRODUCTS and the CONTENTS. In particular, the SELLER warrants to DECATHLON and the SUBSIDIARIES in any case to pay for any harmful consequences arising directly from the proceedings brought by third parties and undertakes to pay all the costs of lawyers, expert appraisal, advice, withdrawal of products, product recall, fines, product destruction costs and other irrecoverable costs and costs resulting from such proceedings.

Furthermore, in the event that DECATHLON and, where applicable, the SUBSIDIARIES are sued, under this article, by a judicial or administrative authority, the SELLER shall assist in the action against which DECATHLON could be subject, in particular with regard to the production of any evidence enabling the prevention of a conviction in this respect. DECATHLON and, where applicable, the SUBSIDIARIES also reserve the right to call on the SELLER as a guarantee, in the event that the latter's liability is established under this article.

Finally, in order to satisfy the requirements of this clause, as well as the conditions of the AGREEMENT, the SELLER represents that it has taken out any compulsory insurance and/or which it deems necessary to cover the risks, repercussions and consequences of its activity, and at least professional civil liability insurance. No limit, particularly cap, to these insurance policies may be considered as a recognition by DECATHLON and the SUBSIDIARIES of any limitation to the SELLER's liability.

ARTICLE 19: INSURANCE

DECATHLON has taken out an insurance policy covering the consequences of its civil liability.

As this insurance policy covers only damage incurred by DECATHLON's own liability, the SELLER must be personally insured for loss and/or damage caused to third parties as a result of its actions and/or its employees, as well as risks arising from its activities or due to poor performance of its obligations as set out in this AGREEMENT and more generally due to non-compliance with state of the art professional practices.

It is expressly agreed that the PRODUCTS and the execution of the SALE AGREEMENT the CUSTOMERS are under the sole responsibility of the SELLER, who shall bear the consequences of any losses they may suffer.

The SELLER is personally liable for its own equipment and the PRODUCTS for which it is responsible.

In this respect, it undertakes to take out insurance for all its equipment and all materials and PRODUCTS owned and held by it, whether during the period of installation or use thereof until they are returned to DECATHLON or until full payment of the PRODUCT by the customer.

The SELLER shall take out insurance, for a substantial amount, and in accordance with the risks inherent in its activity, with an insurance company for any losses it may cause as a result of the performance of this AGREEMENT.

In this respect, the SELLER shall provide DECATHLON with proof of the purchase of an insurance policy by the date of acceptance of this contract. The SELLER undertakes to maintain this insurance for the entire term of

the AGREEMENT and to send DECATHLON, in the event of a change to said insurance policy, a new proof of subscription.

It is specified that the amounts subscribed cannot under any circumstances be considered as a recognition by DECATHLON and the SUBSIDIARIES of a limitation of the SELLER's liability.

ARTICLE 20: SUSPENSION AND TERMINATION

20.1. Procedure in case of non-compliance with the Performance Indicators by the SELLER

In order to ensure a quality brand image, excellent customer satisfaction, the best sports products and the best customer experience on the MARKETPLACE, the SELLER is required to comply with the Performance Indicators detailed in Appendix 2.

In order to guarantee compliance with these requirements and to maintain their level, DECATHLON and the SUBSIDIARIES support the SELLERS and apply the procedure detailed below which governs the situations of non-compliance with the Performance Indicators.

20.1.1. Non-compliance with one (1) of the Seller Performance Indicators (Appendix 2)

(a) Phase of first account suspension or withdrawal of sale of PRODUCTS

In the event that, for one or all TERRITORIES, the SELLER fails to comply with, at least, one (1) of the Seller Performance Indicators listed in Annex 2 of the MARKETPLACE SELLER CONDITIONS, DECATHLON and/or one of the SUBSIDIARIES shall be entitled to immediately suspend the SELLER's account or withdraw one or more of the SELLER's PRODUCTS from sale, depending on the Seller Performance Indicator in default and the TERRITORIES concerned.

DECATHLON and/or one of the SUBSIDIARIES shall send to the SELLER CONTACT PERSON, by email, a notification indicating the Seller Performance Indicator that is lacking and requesting the SELLER to propose a clear and promising action plan to remedy the failure.

(b) Phase of action plan

Such action plan shall be communicated to the MARKETPLACE CONTACT PERSON or on the SELLER INTERFACE, depending on the case. DECATHLON and/or one of the SUBSIDIARIES, through the intermediary of the MARKETPLACE CONTACT PERSON, shall validate or assist the SELLER in adapting its action plan with a view to subsequently end the suspension or reactivate the PRODUCTS concerned to grant the SELLER a probationary period of three (3) months from the date of the reactivation to implement its action plan.

(c) Phase of second account suspension or withdrawal of sale of PRODUCTS

If, at the end of the aforementioned probationary period, the SELLER has not achieved the required level of the Seller Performance Indicator or has not demonstrated significant improvement, DECATHLON or the SUBSIDIARIES shall be entitled to immediately suspend again the SELLER's account or withdraw one or more of the SELLER's PRODUCTS from sale depending on the Seller Performance Indicator in default and the TERRITORIES concerned.

DECATHLON and/or one of the SUBSIDIARIES shall send to the SELLER CONTACT PERSON, by email, a second notification requesting the SELLER to propose a last corrective action plan to remedy the failure.

(d) Phase of corrective action plan

Such corrective action plan shall be communicated to the MARKETPLACE CONTACT PERSON or on the SELLER INTERFACE, depending on the case. DECATHLON and/or one of the SUBSIDIARIES, through the

intermediary of the MARKETPLACE CONTACT PERSON, shall validate or assist the SELLER in adapting its corrective action plan.

In the event of an accepted corrective action plan and reactivation of SELLER's products and/or account, as described above, SELLER shall have a period of two (2) months from reactivation to achieve the required level of the relevant Seller Performance Indicator, or at least demonstrate significant improvement.

Failing this, at the end of the two (2) months mentioned above, DECATHLON or the SUBSIDIARIES shall be entitled to definitively terminate the SELLER's AGREEMENT or definitively withdraw the PRODUCTS concerned from the MARKETPLACE, in compliance with the conditions set out in Article 20.3 and following.

(e) Definitive termination

In the event that the SELLER is unable to propose a promising and efficient action or corrective action plan (phase b or d) within the six (6) months after suspension of product, the suspension shall be maintained and DECATHLON or the SUBSIDIARIES shall be entitled to definitively terminate the SELLER's AGREEMENT or definitively withdraw the PRODUCTS concerned from the MARKETPLACE, in compliance with the conditions of Article 20.3 and following.

It is specified that any account suspension or withdrawal of SELLER's PRODUCTS from the MARKETPLACE shall be subject to prior notification by DECATHLON, via the MARKETPLACE CONTACT PERSON, by email to the SELLER CONTACT PERSON.

20.1.2. Non-compliance with the Product or Brand Performance Indicators (Appendix 2)

If the Product Performance Score of a SELLER's PRODUCT does not reach the minimum threshold, the SELLER will receive an alert from DECATHLON. It will receive a second alert if this minimum threshold is still not reached the following month.

If at the end of the month following this second alert, this minimum threshold has still not been reached, DECATHLON or the SUBSIDIARIES will be entitled to withdraw the PRODUCT concerned from the MARKETPLACE for the concerned TERRITORY.

It is specified that any withdrawal of SELLER's PRODUCTS from the MARKETPLACE shall be subject to prior notification by DECATHLON, via the MARKETPLACE CONTACT PERSON, by email to the SELLER's CONTACT PERSON.

20.1.3. Excessive non-compliance with one of the Product Performance Score criteria (Appendix 2)

If one of the criteria of the Product Performance Score of a SELLER's PRODUCT, as detailed in Appendix 2, deviates from 80% from the reference score for this criterion, DECATHLON or the SUBSIDIARIES shall be entitled to withdraw the PRODUCT concerned from the MARKETPLACE for the TERRITORY concerned.

The reference score is equivalent to the average score of all the products sold by third party sellers to DECATHLON, belonging to the same nature of product, on the TERRITORY concerned, over the last ninety (90) days.

20.2. Suspension / temporary withdrawal

20.2.1. Reasons for suspension/withdrawal

In the event of a breach of this AGREEMENT or of the laws or regulations in force, as well as in the absence of cooperation and/or loyalty, and in general if there is an urgent need to put an end to the actions observed by the SELLER, DECATHLON or the SUBSIDIARIES shall be entitled to suspend, as of right, in whole or in part, the SELLER's access to the MARKETPLACE SERVICE, without compensation, immediately, provided that it has transmitted to the SELLER, on a durable medium, a statement of the reasons for the suspension, at the time such suspension takes effect.

Full suspension consists of temporarily suspending access to the MARKETPLACE by the SELLER for all of its PRODUCTS. Partial suspension consists of temporarily removing from sale one or more of the SELLER's PRODUCTS from the MARKETPLACE.

The reasons for suspension and/or withdrawal are as follows:

- Non-compliance with one or more Performance Indicators as described in Article 8.11 and Appendix 2 and in accordance with the procedure described in Article 20.1. above;
- Non-compliance with any of the conditions, obligations or prohibitions of Article 5 CONDITIONS OF LISTING AND ESSENTIAL AND DECISIVE OBLIGATIONS OF THE SELLER;
- Non-compliance with one or more of the conditions relating to the price and/or the price indication as described in article 6 FREE PRICING OF PRODUCTS;
- Non-compliance with one or more of the conditions of sale of the PRODUCTS and follow up of the sale as provided in article 8, including, but not limited to, non-compliance with the conditions of shipment and/or delivery and/or return of the PRODUCTS, or if the average PRODUCT's assessment falls under the threshold defined in the article 8.10, or in case of absence of regular activity on the MARKETPLACE by the SELLER as defined in article 8.12;
- Publication of CONTENT that doesn't belong to the SELLER or that infringes the rights of a third party;
- Non-compliance with one or more of the conditions of presentation of the SELLER, PRODUCTS and CONTENTS, as set forth in Article 7;
- Notification of the tax authorities following a presumption of non-compliance with VAT regulations or, more generally, non-compliance with tax and social obligations as described in article 11 of the AGREEMENT;
- In case of failure to comply with a KEY REQUIREMENT;
- In case of serious doubt of violation of a third party's right;
- In case of serious doubts about the conformity of one or several PRODUCTS of the SELLER;
- In case of insulting remarks or infringement of the rights of a third party;
- In case of potential or proven violation of Article 13 Compliance - Ethics;
- In the event of the commission of acts by the SELLER that result in the appearance of the name of the SELLER and/or the DECATHLON GROUP in the media.

20.2.2. Terms and effects of suspension and temporary withdrawal

DECATHLON shall notify the SELLER of any decision to suspend or withdraw, at the latest at the time the suspension or withdrawal takes effect, by email and/or by registered letter, indicating to the SELLER the grievances and obligations alleged to have been breached. The SELLER expressly accepts the validity of the form of the notification for suspension or withdrawal made by email to the SELLER CONTACT PERSON.

The SELLER shall have the right to contest the suspension or withdrawal decision and to clarify the facts and circumstances with DECATHLON, through the MARKETPLACE CONTACT PERSON or through the internal complaint handling process.

It is specified that outstanding orders will not be suspended and must be fulfilled by the SELLER. Suspension of the SELLER's account will not result in the suspension of billings to the SELLER or payments due from the SELLER. The suspension or withdrawal shall not, under any circumstances, give rise to the payment of damages.

20.2.3. Duration of temporary suspension or withdrawal

Except in the case of application of the specific procedure for non-compliance with one or more Performance Indicator(s) described in Article 20.1, depending on the reason for the temporary suspension or withdrawal, DECATHLON or the SUBSIDIARIES may take all or part of the SELLER's PRODUCTS off-line in order for the SELLER to correct the identified failures or to propose appropriate, clear and efficient measures to correct the failures, within a maximum of thirty (30) days from the date of notification of the temporary suspension or withdrawal to the SELLER.

If, at the end of the aforementioned period, the SELLER has not corrected the breach(es), has not demonstrated a significant improvement or has not proposed appropriate, clear and efficient measures (if applicable), DECATHLON or the SUBSIDIARIES may terminate this AGREEMENT and/or permanently remove one or more of the SELLER's PRODUCTS from the MARKETPLACE, under the conditions set forth in Article 20.3.

Notwithstanding the previous paragraph, in case of suspension or withdrawal based on a suspicion or serious doubt of violation, non-conformity or non-compliance with a legal or regulatory obligation, DECATHLON or the SUBSIDIARIES may maintain the suspension or withdrawal for the time it is necessary to form a conviction on the said potential violation, non-conformity or non-compliance.

20.3. Termination following suspension and permanent withdrawal following temporary withdrawal

Any suspension of the SELLER's account may lead to a termination of this AGREEMENT and any temporary withdrawal of a PRODUCT may lead to a permanent withdrawal of the said PRODUCT, in the following situations and conditions:

- In case of failure by the SELLER to propose a promising and efficient action or corrective action plan within the conditions set forth in Article 20.1.1.(b or d), DECATHLON or the SUBSIDIARIES may, depending on the Performance Indicator(s) in default, terminate this AGREEMENT or permanently withdraw one or more PRODUCT(S) from the MARKETPLACE, without having to apply any additional notice period;
- In case of persistent default by the SELLER, at the end of the two (2) months period of the correction phase as stipulated in article 20.1.1.(d), DECATHLON or the SUBSIDIARIES may, depending on the defaulting Performance Indicator(s), terminate this AGREEMENT or permanently withdraw one or more PRODUCT(s) from the MARKETPLACE, without having to apply any additional notice period;
- In case of failure of the SELLER, following a suspension or withdrawal for one of the reasons mentioned in article 20.2.1., to correct its defaults, to demonstrate a significant improvement or to propose appropriate, clear and efficient measures (depending on the type of default), within the 30-day time limit, DECATHLON or the SUBSIDIARIES may, depending on the grievance or grievances found, terminate his AGREEMENT or permanently withdraw one or more PRODUCT(S) from the MARKETPLACE, without having to apply an additional notice period;
- In case of suspension or withdrawal based on a suspicion or serious doubt of violation, non-conformity or non-compliance with a legal or regulatory obligation, if the violation, non-conformity or non-compliance with a legal or regulatory obligation is proven and/or founded, DECATHLON or the SUBSIDIARIES may terminate the SELLER's AGREEMENT or permanently withdraw one or more PRODUCT(S) from the MARKETPLACE, depending on the type of breach, immediately.

Any decision by DECATHLON or the SUBSIDIARIES to permanently withdraw a PRODUCT or terminate the AGREEMENT shall be notified to the SELLER by email and/or registered letter, indicating to the SELLER the alleged grievances and obligations that are alleged to have been breached. The SELLER expressly accepts the validity of the form of the notification for final withdrawal or termination made by email to the SELLER CONTACT PERSON.

20.4. Termination for fault

In the event of a breach by a PARTY of any of its obligations under the AGREEMENT and/or for the reasons mentioned in article 20.2, the AGREEMENT may be terminated in advance, by right, and without compensation, by the other PARTY, without suspension being a mandatory prerequisite. In the event of termination, 30 days' notice shall be given, except in the event of termination under the conditions described in Article 20.3. and 20.5.

Any decision to terminate by DECATHLON or the SUBSIDIARIES shall be previously notified to the SELLER, by e-mail and/or registered letter, indicating to the SELLER the alleged breaches and obligations that are alleged to have been breached. The SELLER expressly accepts the validity of the form of the notification of termination made by e-mail to the SELLER'S CONTACT PERSON.

It is agreed that failure by the SELLER to comply with the stipulations set forth below shall be considered by DECATHLON or the SUBSIDIARIES as a breach that may result in the termination of the AGREEMENT for fault, this list not being exhaustive:

- Violation of applicable legislation;
- Non-compliance with the SELLER's obligations vis-à-vis the CUSTOMERS according to the MARKETPLACE GTU and GTS;
- Non-compliance with article 4 - Remuneration of the MARKETPLACE SERVICE;
- Non-compliance with article 5 - Conditions of listing and essential and decisive obligations of the SELLER;
- Multiple, significant, continuous or repeated non-compliance(s) with article 6 - Free pricing of PRODUCTS;
- Non-compliance with article 8 - PRODUCTS sale and follow up;
- Non-compliance with article 9 - Intellectual Property;
- Non-compliance with article 10 - Management of personal data and the Appendix 4;
- Non-compliance with article 11 - Tax and social security obligations;
- Non-compliance with article 12 - Other obligations related to the use of the TECHNICAL SOLUTION and the use of MARKETPLACE;
- Non-compliance with article 13 - Ethical compliance;
- Non-compliance with article 14 - Confidentiality;
- Non-deleting of the elements of communication by one of the Parties despite the request for removal from the other Party as provided for in article 15 - Reference;
- Non-compliance with article 17 - Independence;
- Non-compliance with article 18 - Warranties and responsibilities;
- Non-compliance with article 19 - Insurance.

It is specified that in the event of a breach by the SELLER, DECATHLON or the SUBSIDIARIES remains entitled, at its discretion depending on the concrete situation, to opt for a suspension of the SELLER's account.

It is specified that, depending on the type of default by the SELLER, DECATHLON or the SUBSIDIARIES shall be entitled to opt for a definitive withdrawal of one or more PRODUCTS from the MARKETPLACE, rather than terminating the SELLER's AGREEMENT.

20.5. Termination for serious breach or serious situation

DECATHLON or the SUBSIDIARIES shall be entitled to waive the 30-day notice period in the case of termination of the SELLER's AGREEMENT in the event of a serious breach by the SELLER or a serious situation, and, in particular, if DECATHLON or the SUBSIDIARIES can justify :

- Be subject to a legal or regulatory obligation which requires it to terminate the AGREEMENT in a manner that does not allow it to respect a 30-day notice period; or
- Exercise a right of termination under an imperative reason pursuant to national law which is in compliance with Union law; or
- that the SELLER concerned has repeatedly infringed the AGREEMENT, including, but not limited to, SELLER's repeated or continued failure to comply with one or more of the Performance Indicators.

The PARTIES agree, in any case, that if two (2) written notices, sent by email, to remedy or to end breaches of the AGREEMENT have been sent to the same defaulting PARTY, and that, at the end of a period of three (3) months following the second notice, the defaulting PARTY is still in default of repairing or ending in full the said breaches, the other PARTY shall be entitled to terminate the AGREEMENT, immediately, by right, without compensation, by notifying the defaulting PARTY in advance by email and/or registered mail, indicating the grievance(s) complained and the obligation(s) whose repeated and/or continuous non-compliance is noted.

It is specified that, depending on the type of default by the SELLER, DECATHLON or the SUBSIDIARIES shall be entitled to opt for a definitive withdrawal of one or more PRODUCTS from the MARKETPLACE, rather than terminating the SELLER's AGREEMENT.

Any decision to terminate by DECATHLON or the SUBSIDIARIES will be notified to the SELLER, by e-mail and/or registered letter, indicating to the SELLER the alleged breaches and obligations that are alleged to have been breached. The SELLER expressly accepts the validity of the form of the notification of termination made by e-mail to the SELLER CONTACT PERSON.

20.6. Other reasons for termination

DECATHLON may terminate the AGREEMENT earlier in case of granting exclusivity to one or more SELLERS on certain categories of PRODUCTS, which would entitle DECATHLON to delist all or part of the PRODUCTS offered by other SELLERS as provided for in article 5.2. Such a decision shall be notified to the SELLER by email and/or registered letter and the SELLER shall be given a notice period of 30 days.

Either Party may terminate the AGREEMENT earlier with immediate effect, by simple notification, without judicial intervention and without giving notice or payment of any compensation, in the following situations :

- if the other Party ceases its activities or disposes of a significant part of its assets ;
- in the event of suspension of payments, insolvency or (admission of) bankruptcy by the other Party;
- in the event of liquidation, cessation of activities or dissolution of the assets of the other Party.

20.7 Effects of termination

In the event of termination for any reason, all of SELLER's PRODUCT offers will be removed from the MARKETPLACE as of the effective date of termination.

The SELLER agrees to complete performance of any orders in progress as of the date of termination and to perform its after-sales service obligations.

The SELLER shall remain liable for all sums due to DECATHLON on the effective date of the termination, and for any sums that may subsequently arise from the execution of the order, including in particular in the event of PRODUCT return by the CUSTOMER.

The subscription fees due for the month in which the termination takes place remain due in full.

Following the termination of the AGREEMENT, the SELLER's account on the MARKETPLACE will be deactivated and all of the SELLER's PRODUCT offers will be removed. However, for a period of 60 days following the termination date, the SELLER agrees that their account and associated PSP wallet will remain accessible to DECATHLON, and that the latter may retain the SELLER'S funds within this wallet, for the sole purpose of processing refunds for returns, chargebacks, or other financial obligations related to transactions that occurred before the termination date.

However, under exceptional circumstances and with justification provided to DECATHLON, the SELLER may submit a request to recover any sums from these accounts during the 60-day period following the termination of the AGREEMENT.

If the AGREEMENT is terminated due to a fault by the SELLER, the SELLER shall indemnify DECATHLON or, if applicable, the SUBSIDIARIES for any losses suffered, under the conditions set out in article 18 hereof.

All license(s) and other right(s) granted by DECATHLON or the SUBSIDIARIES to the SELLER shall terminate immediately upon the effective date of termination.

In addition to the payment obligations arising from the AGREEMENT, those provisions which are expressly or impliedly intended to survive after termination shall survive and continue to be binding on all PARTIES.

It is specified that the end of the AGREEMENT, for whatever reason, does not call into question the application of the provisions of Article 14 "Confidentiality" and/or Article 18 entitled "Warranties and Responsibilities" of this AGREEMENT.

ARTICLE 21: NON-ASSIGNABILITY AND INTUITU PERSONAE

21.1 DECATHLON selects its SELLERS in consideration of a set of criteria relating in particular to their independence, their lack of ownership links with DECATHLON GROUP's competitors, their experience, their

market knowledge, their strategy, their ability to offer their PRODUCTS for sale on the MARKETPLACE and their image.

The *intuitu personae* nature of the AGREEMENT is an essential component of the relationship between DECATHLON and the SELLER. Accordingly, DECATHLON shall be entitled to terminate this AGREEMENT if there has been any significant change in the legal status, shareholder structure or the composition of the management of the SELLER.

Furthermore, the SELLER knows and accepts from the conclusion of its contractual relationship with DECATHLON that the confidentiality elements between the PARTIES are critical for their reciprocal commitment.

The SELLER acknowledges that entering into capital or financial links with a competitor of DECATHLON GROUP, in that it endangers this necessary confidentiality, authorizes DECATHLON to terminate their relationship.

The SELLER shall therefore take all measures to prevent the consequences of this termination from the pre-acquisition audit phase initiated by the purchaser of all or part of the SELLER's capital, in particular by advising the purchaser of this potential risk.

Consequently, the termination of commercial relations between DECATHLON and the SELLER may be effective immediately, without formal notification and without notice, if the SELLER enters into financial or ownership links with a competitor of DECATHLON GROUP.

22.2.1 Internal complaint-handling system

DECATHLON has put in place an Internal Complaint-Handling System. This system consists of a centralized knowledge base where the SELLER can find support manuals designed to assist the SELLER with the MARKETPLACE SERVICE, as well as a ticketing system where the SELLER can make inquiries or lodge complaints in relation with the MARKETPLACE SERVICE.

SELLERS may notably use the Internal Complaint-Handling System to lodge complaints regarding :

- alleged non-compliance by DECATHLON with any obligations laid down in EU Regulation 2019/1150 promoting fairness and transparency for companies using online intermediation services
- technological issues which relate directly to the provision of the MARKETPLACE SERVICE
- measures taken by, or behaviour of DECATHLON which relate directly to the provision of the MARKETPLACE SERVICE, such as but not limited to decisions of suspension or termination set forth in Article 20.

This complaint-handling system is free of charge. Subject to the prior creation by the SELLER of a DECATHLON professional user account - which is part of the integration process - the SELLER is invited to

submit any issue via the following link : <https://decathlonmarketplace.zendesk.com/hc/en-001>. This Internal Complaint-Handling System is also accessible via the SELLER INTERFACE.

Any inquiry or complaint made by the SELLER will directly be treated by the right person amongst the teams of DECATHLON or other entities appointed by the latter for that purpose, in order to provide the SELLER with the most accurate and complete response.

Once the inquiry or request has been made, DECATHLON undertakes to provide the SELLER with a response within maximum 48h, this during working hours Monday through Friday.

All exchanges are conducted one-on-one with the SELLER, and final outcomes are shared directly within those direct communications. Where a complaint results from a decision of DECATHLON, this process may result in such decision being upheld, partially reversed, or fully reversed.

22.2.2. Alternative dispute resolution

In the absence of a satisfactory response, the PARTIES may use mediation to obtain an amicable agreement.

The mediation procedure may be initiated by either of the PARTIES, by contacting in particular:

- One of the bilingual French/English mediators belonging to the list of accredited mediators in civil and commercial matters on the website of the Belgian Federal Mediation Commission (which can be found on the following link : <https://www.cfm-fbc.be/fr/trouver-un-mediateur>).

APPENDIX 6 : DECATHLON MARKETPLACE CODE OF CONDUCT FOR AI USE

The Decathlon Marketplace, where innovation meets integrity, uses Artificial Intelligence (“AI”) to enhance its service offerings, optimizing its operations, and delivering exceptional value to its customers, partners and employees. However, the rapid integration of AI technologies is accompanied by novel challenges and responsibilities.

Recognizing the profound impact that AI can have on our Marketplace, we are committed to uphold the highest standards of ethical AI use. As a Marketplace, we are responsible for ensuring that all our AI product developments and internal processes are aligned with ethical standards and the applicable laws and regulations. That is why we developed The Decathlon Marketplace Code Of Conduct for the use of AI (Hereafter: “AI COC”).

This AI COC is designed to ensure that our deployment of AI technologies is aligned with our core values: respect for data protection and security, transparency and accountability in AI interactions, and promotion of fairness and non-discrimination in AI outcomes. This AI COC is applicable and binds all the Decathlon Marketplace participating country entities, it serves as a guide for all the applicable stakeholders of the company.

By adhering to this AI COC, the Decathlon Marketplace aims to comply with legal standards but mostly to set a benchmark for ethical responsibility in AI usage. We believe that a principled approach to AI can foster a Marketplace that is both innovative and trustworthy, creating a community where technology empowers and enriches all the stakeholders involved.

Together, let's embrace the future responsibly.

1. Preamble

This AI COC establishes high-level principles to which the Decathlon Marketplace aspires when deploying AI to support its business.

The Decathlon Marketplace aims to lead by example by demonstrating how AI, when used wisely and ethically, can generate substantial benefits for the Decathlon Marketplace and its stakeholders throughout the data lifecycle and the broader Decathlon Marketplace ecosystem.

The Decathlon Marketplace recognizes that legal and ethical AI requirements will continuously evolve internationally and the attention and view towards AI use may differ between industries. However, we establish this AI COC to promote and guide the beneficial use of AI that aligns with our Decathlon Marketplace ethical principles and our data protection and security practices set forth in our corporate environment.

This AI COC provides recommendations and a framework towards our employees and partners who have access to or may be involved in the development of our AI systems and solutions, to be considered and implemented at all times when using and developing our AI.

The Decathlon Marketplace acknowledges that AI is a dynamic area and this AI COC may need to be amended from time to time to reflect upon technological progress and evolving ethical norms.

As we gain more experience with AI use, this AI COC may form a basis for a binding ethical policy on AI use, to the extent that the other Decathlon Marketplace policies do not already cover such AI usage.

Finally, this AI COC can and should form the basis of the Decathlon Marketplace training about the ethical AI use at the Decathlon Marketplace.

2. Scope of AI Use

AI is generally the application of technology to emulate intelligent behavior through programmed algorithms and data-driven automation in computer systems. AI is sometimes developed by training the AI systems to act in certain ways based on data and programming thereof and AI often involves data processing, and automatic or semi-automatic decisioning.

AI may be used by the Decathlon Marketplace internally in our own business, to automate or assist with tasks ranging from manufacturing to design, to employee monitoring, to human resources assistance, as well as externally as a part of our products or services.

AI can range from physical robots, including human-like robots, to more digital AI, such as chatbots, image recognition and analytic tools.

While AI presents significant opportunities for innovation and efficiency, it inherently carries risks that can lead to physical, reputational, or rights-related harms. Autonomous technologies, while beneficial, may act in unpredictable ways due to their semi-automatic nature. Digital AI solutions, such as chatbots and analytics tools, might infringe on data privacy and security if not managed correctly. The potential for AI to impact negatively necessitates a rigorous approach to its development and deployment.

To ensure responsible AI use across the Decathlon Marketplace, we prioritize human-centered design, ensuring our technologies enhance rather than replace human decision-making and focus on user needs and rights. We maintain robust security and accountability in our AI systems, rigorously testing and validating to prevent errors. Our commitment to transparency ensures that AI decisions are both explainable and justifiable, fostering trust and fairness in all interactions.

Furthermore, we uphold ethical standards in AI development and deployment, respecting privacy and avoiding biases while carefully evaluating the sources, methods, and broader impacts of our technologies.

3. Responsibility and Accountability

Our AI use should be accountable and controlled. All stakeholders who are responsible for developing or adopting AI systems and solutions at the Decathlon Marketplace should understand and implement this AI COC and be responsible for the training of their staff based upon the guidelines described in the latter.

In general, stakeholders responsible for the development of AI should:

- Establish an AI compliance check and where required a supplementary DPIA of the AI system or solution;
- Have a clear understanding of what type of data, including personal and confidential data are in scope and what are the terms of use that apply to the latter and their implications. In addition have clarity of whether any data is used for automatic AI training purposes;
- Ensure that there is human accountability for the training, development and the use of the AI system or solution;
- Implement required controls enabling the applicable stakeholders to adapt the AI system or solution where required to prevent or reduce harms, particularly where human empathy and judgement may be needed;
- Ensure the AI system or solution is subject to human monitoring and periodic human reviews.

- Have a general understanding of how the AI system or solution makes its decisions and based upon what parameters and algorithms;
- Consider how AI systems or solution input actions and output are recorded and kept in accordance with the Decathlon Marketplace retention policy.

4. Legal AI Use

It is of high importance to understand how the applicable AI use is regulated in order to comply with all the applicable laws and regulations.

It is fundamental to assess all potential legal concerns, in the data protection, data security, intellectual property, employment, product liability sphere. If a stakeholder has questions about the legal compliance of the AI use, they can contact us.

5. AI in the Workplace

Our AI use should promote fair working conditions, free from any form of discrimination and be transparent and fair towards our employees. Consequences of the use of AI in the workplace could include indirect employment decisions, such as hiring, promotion, or employee monitoring. Before we use AI in the workplace, AI implementing stakeholders should:

- Ensure transparency in the use of AI technologies and provide clear notification and understanding to employees about the deployment of AI systems or solutions where appropriate;
- Respect employee privacy rights in accordance with legal requirements;
- Ensure that AI-driven actions are unbiased and equitable.

6. Environment and Product Integrity

AI use should promote safety and environmental protection. AI stakeholders should:

- Implement the necessary safeguards in AI systems or solutions to prevent any uncontrolled behavior, particularly in fully or semi-automated physical robots, which could lead to harm;
- Ensure that AI systems or solutions comply with all relevant legal and safety standards;
- Provide comprehensive instructions, appropriate warnings, and necessary safety equipment for all products that utilize AI technology.

The product integrity of our AI should be ensured by design. AI stakeholders should:

- Establish robust legal and security frameworks to prevent unintended outcomes that pose risks of harm;
- Guarantee that AI systems or solutions are meticulously designed, developed, and tested using suitable training data to ensure reliability and effectiveness;
- Clearly define the scope of AI usage, including the business objectives and geographic considerations pertinent to its intended application;
- Assess potential risks associated with the use of AI and implement strategies to mitigate such risks;
- Conduct thorough testing of AI technologies within controlled environments and continuously monitor their performance post-deployment;
- Engage key stakeholders throughout the development process of the AI to ensure diverse perspectives and expertise are incorporated.

7. Fair Use of AI

The development, deployment and use of AI systems or solutions must be fair to avoid any potential for unfair bias or discrimination. Consequently, AI stakeholders should:

- Recognize and address the possibility that AI could inadvertently foster unfair bias, disparate impacts, or discrimination due to flaws in programming or training;
- Exercise caution regarding the data used by AI systems or solutions, especially data that might introduce bias due to being incomplete or skewed;
- Proactively identify potential harms to specific population segments and establish measures to mitigate these risks effectively.

8. Data Protection and Cybersecurity in AI Use

Data is an integral part of any AI system, and the Decathlon Marketplace is committed to respecting people's rights to privacy and personal data.

- We are committed to ensuring that any AI involving personal data is developed and used in compliance with data protection laws, including the General Data Protection Regulation (GDPR) and any other applicable data protection legislation currently in force;

- We will implement robust security measures, including encryption and applicable access control techniques, to protect users' data from unauthorized access, misuse, or destruction;
- Our use of AI will be characterized by transparency;
- We will make efforts to explain the reasoning behind an AI's decisions to users where appropriate and ensure that users are informed when they are interacting with an AI system.

We should protect the confidential business information and trade secrets (“**Confidential Information**”) and intellectual property embodied in our AI and processed by our AI systems and solutions, as these are vital to the interests and success of the Decathlon Marketplace. Consequently AI stakeholders should:

- Maintain strict confidentiality of all Confidential Information and intellectual property associated with our AI systems or solutions;
- Ensure appropriate protection for any Confidential Information processed by the AI, including its outputs, to safeguard against unauthorized access or disclosure;
- Respect the Confidential Information inherent in our clients' and suppliers' AI systems, and use such information strictly in accordance with applicable laws and contractual obligations.

- If the removal is motivated by a breach of the AGREEMENT by the SELLER, issues of safety, hygiene, or PRODUCT compliance, or reputational risk to DECATHLON, there shall be no refund of the amounts paid, without prejudice to DECATHLON'S right to claim compensation for any damages caused.

The SELLER undertakes to fully indemnify DECATHLON Portugal for any costs, expenses, fines, or liabilities arising from damage caused to third parties or non-compliance with regulatory standards related to the exhibited PRODUCTS.
